OUR MISSION

The Hermosa Beach Historical Society was founded in 1987 with the mission to engage, delight, and educate the community through the presentation and exploration of history. The collection is extended to the public as a source of lifelong learning.

OUR MUSEUM

The Museum offers educational lectures, documentary screenings, field trips for all ages, gallery collections and volunteer opportunities. Additionally, we partner with local nonprofits and city entities to host community events and celebrations.

OUR FUTURE GOALS

- Expand and diversify our educational programming to better serve our South Bay Community
- Renovate our Beach Culture Gallery to incorporate important South Bay themes such as Beach Volleyball, Surfing, Skateboarding, and Lifeguarding
- Become an Accredited Museum with the American Alliance of Museums
- Take our Museum Collections & Archives online to promote research and academic accessibility
